Local and General

—Mr. and Mrs. S. H. Caswell
are at present camping out at the
Fort Lakes.

—Mr. A. C. Paterson has been
gazetted sub-collector of customs at
North Portal.

—Mayne & Shortreed, of Toronto,
arrived in the C.P.R. yards on Sat-
urday from Grenfell with a train
load of cattle for the east.

—Belle W., owned by W. Arm-
strong, of Winnipeg, took second
money in the 230 pace at the Mil-
waukee races on Tuesday.

—P. Frayell, half-breed, Fort
Qu'Appelle, has been sentenced to
six months' imprisonment in Regina
jail, for supplying liquor to Indians.

—Mr. Stanley, M.P., the famous
African explorer, is at present in
Manitoba, on his way to the coast.
According to latest advices he was
to have left Winnipeg for Vancouver
on Sunday.

—Mr. Alex. J. Watt left here
last Thursday in charge of cattle for
Liverpool. It is his intention to
return to this country in the spring
and start ranching. It is rumored
that he will not return alone.

—Mr. George Gould, the New
York millionaire, is on a chicken-
shooting expedition at Union Point
Man. With him are Major Croft
and Mr. Kelly, two gentlemen who
came over to attend the yacht race.

—Robert McLeod, who until four
months ago resided in Millbrook,
was killed on Tuesday in a saw
mill at Vancouver. Deceased was
a native of Kildonan and was well
known in this city. He leaves a
wife and three children to mourn his
untimely death. Deceased was a
brother of Mrs. James Smith of
Qu'Appelle Station.

—Millwright McFie, of the
Blood Indian agency at Macleod,
lost an arm by accidental shooting
a few days ago. With Farm In-
structor McNeil, he was shooting
ducks at Kootenay Lakes. Both
were crawling through the grass,
McFie being in advance. Both
rose at the same instant and fired.
McFie received McNeil's charge
in his arm, above the elbow. Dr.
Haultain amputated. Intelligence
was received this morning that the
unfortunate man died yesterday as
the result of his injuries. He leaves
a wife and two children.—Leader.

—A serious accident happened
on Friday when Harry Hawke's
came near losing his eye-sight.
The lad was out shooting on Mr.
Hugh Gibson's farm, and having a
refractory cartridge which would
not fit easily into his gun, he was
forcing it with his clasp knife, when
the shell exploded, and blew the
powder into Hawke's face severely

scoring it, and causing a very ugly
looking wound. Hawke was taken
home and the doctor sent for. He
is now doing pretty well, but it is
doubtful whether the sight of the
left eye will not be affected.—White-
wood Herald.

—Misfortune seems to follow
quite a number of the Ontario
-scourionists who lately arrived,
several of them resulting fatally.
A few days ago one was killed by
an explosion at the powder mill,
and on Monday morning one Nor-
man Chittick, fell 120 feet from the
top of the new northern eleva-
tor, Winnipeg, and was instantly
killed.

—Rev. C. A. Sallier writes from
Lisbon, Portugal, on Aug. 17, en-
route to Chilli, where he hopes to
commence mission work among the
African Indians. He is quite
well, and has travelled 16,000 miles
since leaving his late parish, Rus-
sell, Manitoba, last May. Mrs.
Sallier leaves Montreal on Oct. 12
via England, to join her husband
in South America.—Evangelical
Churchman.

—Our two machine men report
the sale of over 30,000 pounds of
twine, and that the farmers paid
more cash for twine this year than
in any year yet in Whitehead. The
crops were light last year through
drought, but the farmers are going
into mixed farming, as the train
loads of cattle leaving Whitehead
nearly every week will show, con-
sequently money is more free.—
Whitehead Herald.

—On Sunday morning an ordina-
tion service was held in the Pro-
Cathedral by the Bishop of Qu'Ap-
pelle, and a harvest thanksgiving ser-
vice in the evening. In the Presb-
terian church, in the morning, the Holy
Sacrament was celebrated, the Rev.
Mr. Robson officiating. In the
afternoon a special children's service
was held, and in the evening a
thanksgiving service. The sacred
edifices were beautifully decorated
for the occasion.

—On Monday afternoon, says
The Regina Leader, Mrs. (Insp.)
Belcher's horse became affrighted,
at the sudden passing of a horse
that was running loose on 11th
Avenue, and became uncontrollable.
Mrs. Belcher was holding the reins,
and was accompanied by her two-
year old child and by Rev. Mr. Boyd
of Fort Qu'Appelle. The horse ran
at a furious pace down the avenue,
and a wheel of the carriage collaps-
ing, Mrs. Belcher and the gentle-
man were thrown out. The child
had a miraculous escape. Its foot
caught in the frame of the carriage
hood, and the little one hung head
downwards between the seat and
the wheel. None of the onlookers
dared hope it was not killed. Prob-
ably the smashing of the wheel
saved its life; the wheel was broken
so that it did not revolve but
dragged. Opposite the school a
German gentleman, at some risk to
himself, ran forward and struck the
runaway horse on the head with a
heavy fragment of plank, which
partially stunned the beast. It
wheeled over the sidewalk and was
secured. The child was extricated
not at all seriously hurt. Rev. Mr.
Boyd had a very badly skinned nose
and other scratches. Barring the
shock, Mrs. Belcher escaped unhurt.

The Late Robert Creamer.

After suffering ill health for about
a year, but at the last suddenly,
died on Friday morning, 14th inst.,
Robert Creamer, father of Dr. J. M.
Creamer, of Regina, and J. P.
Creamer, of Qu'Appelle. The de-
ceased gentleman was a victim of
Bright's disease. He was not
deemed to be dangerously affected,
and until a week before his death
was moving about briskly. Early
this morning he paid a visit to his
son at Qu'Appelle. He contracted
a cold and about the 5th of Sept.
became seriously ill. On Saturday
the end came, due directly to heart
failure. Funeral service on Sunday
afternoon was conducted by Rev.
W. E. Brown, rector of St. Paul's.
A very large concourse of friends
followed the remains to their last
resting place. The funeral pall-
bearers were Messrs. D. Mowat,
M.L.A., Sheriff Benson, Jno. Mc-
Intyre, Philip Thomas, A. Downey
and D. H. Gillespie.

Robert Creamer was a native of
Ontario. He was born on 25th
May, 1832, being at the time

Awarded
Highest Honors—World's Fair.

DR.
PRICE'S
CREAM
BAKING
POWDER
MOST PERFECT MADE.
A pure Grape Cream of Tartar Powder. Free
from Ammonia, Alum or any other adulterant.
40 YEARS THE STANDARD.

of his death in his 64th year of age.
In the prime of his life he was one
of the most progressive men of West-
minster Township, Middlesex County,
Ont., living in the neighborhood
of B. Mount. Seven years ago Mr.
Creamer came to the Northwest,
since which time he and Mrs.
Creamer lived with their son, Dr.
J. M. Creamer, of Regina. From
the day of his arrival at Regina, he
was a most sanguine—enthusiastic
we may justly say—believer in
the present and future of the North-
west.

The deceased gentleman was
a firm and life-long Conserva-
tive. In Ontario he had taken an
active interest in politics. Person-
ally, he was a man of most affec-
tionate disposition. In his demise
his family have lost a tender and
devoted husband and a just and
kind father. The sympathy of the
whole community is heartily ex-
tended to them in their bereave-
ment. Unobtrusive in manner, and
with firm convictions founded upon
just principles, Robert Creamer was
one of those men who form the real
strength of the community and upon
whom depends the stability of
every nation.—Leader.

A Remarkable Case.

John Collins, the teamster, who
broke his neck some time ago in
falling from a wagon, and who has
been under Dr. Simpson's care at
the St. Boniface hospital ever since,
is still progressing favorably, says
the Free Press. A medical practi-
tioner from Rochester, who has
lately been viewing the case, and
who travelled over three thousand
miles a few years ago to investigate
a cervical fracture of the same
nature in the States, says that this
is the second case only of the kind
in America which has proved
successful. The proportion of the
chances is one hundred thousand
to one against the patient. Collins
is doing well, however, and is now
taking more solid food. He talks
and eats freely and sleeps normally.
It is a remarkable case, and has
aroused much interest among the
profession. Some time ago he
moved in his plaster of Paris cast
for his head and neck, and had to
be lifted. There is every reason to
hope that he will be about again in
a few months.

The Markets.

Wheat has had a higher range
this week in leading markets, and
quite an improvement was made
the first three days of the week,
prices at Chicago closing on Wed-
nesday 3c higher than last Satur-
day. Prices, however, declined on
Thursday, Friday and Saturday and
closed lower than a week ago.
Higher cables, larger exports and
increased speculative buying helped
the advance, while realizing sales
assisted in the decline.

The local situation has been par-
ticularly interesting this week owing
to the little "boom" in Manitoba
markets. This has been led by one
of the large milling concerns, and
the cause of the flurry has led to a
great deal of speculation in grain
circles. Prices were fully up to if
not above an export basis when
they were ruling at 44c, but never-
theless they were hoisted 2c on
Wednesday to 46c per bushel for
No. 1 hard, to farmers, in Manitoba
country markets, and later 48c and
even 50c per bushel was paid.
These latter prices, however, only
to a limited extent at one or two
points. Millers are the only buyers
at these high prices, and exporters
have been forced entirely out of
the market at points where prices have
been forced up by the millers. It
would, of course, be folly for ex-
porters to follow the markets when
they go beyond a shipping basis, as
they must now sell as fast as they
can buy, or even in advance of their
purchases, so long as navigation
remains open. All sorts of reasons
have been advanced as the cause of
the spurt, one opinion being that
millers are afraid the supply of
choice hard wheat is limited, and
that they have advanced the price
above an export basis to keep it in
the country. Be this as it may, it
is certain that the quantity of off-
grade wheat will be very large and
the average quality of the crop low,
though we do not apprehend any
actual scarcity of really choice mil-
ling wheat. The millers, of course,
do not want to take the low-grade
stuff, and even exporters are hold-
ing shy of low grades until the
standards are fixed for grading this
crop. The prices in Manitoba to
farmers are 4 to 6c per bushel
higher than at points south of the

boundary in Dakota, freight rates
considered. No. 1 hard sold this
week at Fort William at 58c
per bushel. Deduct 11 to 11½c
per bushel from this for freight, 7c
per bushel for flating charges and
3c per bushel for general costs of
handling, running country eleva-
tors, etc., and we have 43c per
bushel as a very close export value
for No. 1 hard wheat, to farmers, in
Manitoba country markets. This
will show that exporters could not
buy wheat in Manitoba at present
prices. Deliveries of wheat by
farmers at Manitoba country points
have ranged from 150,000 to 175-
000 bushels per day. We quote
No. 1 hard at Fort William,
at 58 to 59c as the extreme
range. Receipts at Fort William
last week were 149,586 bushels,
shipments 31,895 bushels, in store
198,941 bushels. Receipts for the
corresponding week last year were
224,285, shipments 168,481 and
stocks 776,132 bushels. Two years
ago stocks were 664,240. Latest
freight quotations from Duluth
were 3½ to 4c to Buffalo and 5½ to
Kingston. The lake rate from Fort
William to Toronto is 7½c and 8c
to Montreal. The standards board
met at Winnipeg on Tuesday to
strike the standards for grading this
crop. In past years when the aver-
age quality of the crop was low, it
has been customary to reduce the
standards, so as to take as large a
portion of the crop as possible into
the high grades. It is doubtful if
this is a wise policy, and we think
the standards should be altered as
little as possible from year to year.

WINNIPEG PRICES.

Wheat—No. 1 hard, 42 to 43c.
Flour—Local price per sack,
Patents, \$1.95; Strong Bakers, \$1.75.
Oats—Per bush, 21 to 22c.
Barley—Per bush, 25c.
Butter—Creamery, 14 to 15½c;
dairy, 8 to 8½c.
Cheese—Manitoba, 5½c.
Eggs—Per doz, 12½ to 13c.
Potatoes—New, 20c per bush.
Cabbage—Per doz, 15 to 25c.
Cucumbers—Per doz, 7 to 15c.
Cauliflower—Per doz, 30 to 50c.
Celery—Per doz, bunches, 20 to
25c.
Onions—Per bush, 50 to 60c.
Tomatoes—Native, 3 to 4c per
pound.
Chickens—Per pair, 40 to 45c.
Turkeys—Per pound, 8 to 9c.
Duck—Fresh, per pound, 5c.
Mutton—Fresh, 6½c per pound.
Cattle—Butcher's cattle, 2 to 2½c
off cars.
Hogs—Live, 4 to 4½c off cars.
Sheep—Good butchers, 3c.
Hay—Loose, per ton, \$4 to \$5.

THE LIVE STOCK TRADE.
At Liverpool, on Sept. 16, the
tone of the cattle market was rather
finer, but slow. United States
cattle at Liverpool and London
were quoted at 11c to 12c, and
Canadians at 10½ to 11c for good to
choice steers. Sheep were finer
and quoted at 12 13½c. A private
cable from Liverpool to Montreal
parties quotes choice Canadian
steers at 11c and middlings at 9 to 9½c.

The Delineator.

The October number of the Delineator
is called the autumn number, and contains
a choice selection of timely articles. It gives
an authoritative exposition of autumn styles,
illustrating a variety of novel, artistic and
beautiful garments. Especially complete
and valuable is its discussion of mourning.
Mrs. Roger A. Fryer's paper on etiquette of
grief's outward showing being supplemented
by an instructive article giving patterns and
designs for mourning attire. Every mother
with the responsibilities of a household
should study what is said about fitting out
a family, the season's costume needs for
herself and her little ones being fully treat-
ed. The progress of education in Great
Britain is further explained by Amy Ray-
son. Bookkeeping as an occupation for
women—entertainingly described by Evelyn
Hunter Southwell. Louis M. Robbins de-
scribes a new and amusing form of entertain-
ment. The reopening of the schools is re-
membered in an account of things suitable
for the children's luncheon basket, while A.
B. Longstreet contributes a practical ex-
position on how to carve. The return of
order to the world is timely, the admirably
illustrated article on draperies. The paper
on the kindergarten, by Sara Miller Kiby,
on floral work for October, by A. M. Stuart,
and the designs for burnt work, by Harriet
Keith Forbes, fully sustain the interest felt
in these topics. Among the few tables are
its usual admirable variety, and the newest
books are sympathetically reviewed. Further
contributions are given in knitting, netting,
tasting, etc. Address communications to
The Delineator Publishing Co., of Toronto,
Ltd., 33 Richmond St., West, Toronto, Ont.
Subscription price of the Delineator \$1 per
year, or 12c per single copy.

News Notes.

Predictions are made of an almost
universal war—France, Russia and
China on one side and Japan, Great
Britain and the United States on
the other.

A storm of cyclonic proportions is
reported from the north shore of
Lake Superior, while extreme heat
is reported from districts further
east and south.

Lieut. Piary and party of Arctic
explorers have returned to St. John's,
Nfld. Their trip was a compara-
tive failure owing to insufficient
food supply. Great hardship was
endured and few discoveries made.
In the athletic contests in New
York on Saturday, between London
and New York Athletic clubs, the
Americans won every one of the
eleven events. Some world's re-
cords were reduced.

Law Regarding Newspapers.

1. Any person who takes a paper regularly
from the post office, whether in his name or
another's, or whether he has subscribed or
not, is responsible for payment.
2. If any person orders his paper discon-
tinued he must pay up all arrears, or the
publisher may continue to send it until
payment is made and then collect the whole
amount whether the paper is taken from the
office or not.
3. In suits for subscription, the suit may
be instituted in the place where the paper
is published, although the subscriber may
reside hundreds of miles away.
4. The courts have decided that refusing
newspapers or periodicals from the post office
or removing or leaving them uncollected for
while unpaid, is prima facie evidence of
intentional fraud.
